FIND A SOLUTION WITH REMC

Centrally located in Kearny Mesa, the Real Estate Mediation Center (REMC) has been resolving residential and commercial real estate disputes since 1991.

WE MAKE THE MEDIATION PROCESS SIMPLE

Our experienced staff will assist you by explaining the mediation process, filing your mediation documents, contacting all of the parties, and scheduling your conference.

OUR MEDIATORS ARE REAL ESTATE EXPERTS

All of our mediators practice specifically in the real estate field, including brokers and real estate attorneys. They all maintain a commitment to impartiality and have strong academic and professional backgrounds.

WHAT ARE THE BENEFITS OF MEDIATION?

Mediation is the only dispute resolution process where all of the parties involved work together to decide the final outcome.

By working with a neutral and objective mediator, each participant is able to explain their position and achieve a satisfactory outcome.

Mediation is cost-effective and allows you to spend your money solving the underlying issues, instead of paying legal fees.

Mediation is timely and efficient. Unlike court cases, mediation can be completed in one or two sessions.

Mediations are confidential. Unlike court cases, any agreements made in a mediation are not public record. You can maintain your professional image by avoiding a public court case.
